This Bill makes new provision for regulating the business of corporate service providers and for the protecting of the interests of clients or potential clients of persons carrying on the business of corporate service provider.

Clause 1 provides for a citation of the Bill.

Clause 2 makes provision for a new tiered licensing regime of two types of licenses which may be applied for by an undertaking and licensed by the Authority.

Clause 3 enables the Authority to impose conditions on the scope or the manner of corporate services which an undertaking may conduct under a limited licence.

Clause 4 makes provision for applications to be made to the Authority for a new licence up until 31st December 2014 or for such longer period appointed by the Minister. Current requirements provide for any person providing corporate service provider business as defined under this Act to do so by 31 December 2013.

Clause 5 amends Schedule 1 to provide the Authority with the flexibility to require a CSP to put into place an appropriate corporate governance structure be based on the nature, scale, complexity, risk profile and type of business or tier of licence obtained by the CSP. The Schedule is also amended to clarify the criteria for determining if a CSP is conducting its business in a prudential manner, to include compliance with any law including any law pertaining to anti-money laundering and anti-financing of terrorism.

Clause 6 makes provision for consequential amendments to be made to the Exchange Control Regulations 1973, the Exempted Partnerships Act 1992 and the Limited Partnership Act 1883 to incorporate the new tiered licensing regime; and to clarify that the provisions of Regulation 19 under the Exchange Control Regulations 1973 do not apply so as to require the permission of the Authority for the issue or transfer of securities if the person has engaged a principal representative who holds a license issued under the Corporate Service Provider Act 2012. Regulation 13A of the Exchange Control Regulations 1973 is amended to provide that notification is required to be made by a corporate service provider when a beneficial owner or proposed beneficial owner of a permit company first acquires 10% or more of such company. Reporting is not required after the initial acquisition which meets this threshold.

Clause 7 makes provision for the commencement of the provisions of the Bill.
