Economic Substance Declaration Webinars

April 9, 2020

The Registrar of Companies is launching its Economic Substance Declaration (“ESD”) portal on May 1, 2020. The Registrar of Companies is offering a webinar to provide training on how to use the ESD portal. The live webinar will be offered between April 15 and May 12, 2020, and is open to anyone interested in the topic.

During the webinar, presenters will demonstrate functionality of the portal and the ESD submission process. In addition, the presentation will include a brief reminder of the economic substance requirements in Bermuda including an overview of the entities and relevant activities in scope. A live Q&A session will be included.

The webinar will be run five times and each will cover the same material. Hence, you only need to attend one of the sessions. For those unable to attend a live session, an on-demand webinar will be made available on May 1, 2020.
