## **INDEPENDENT AUDITOR'S REPORT**

### **To the Board of Directors of Bermuda Life Worldwide Limited**

We have audited the accompanying condensed financial statements of Bermuda Life Worldwide Limited the "Company"), which comprise the condensed balance sheets and condensed statements of capital and surplus as of March 31, 2021 and 2020, and the related condensed statements of income for the years then ended, and the related notes to the condensed financial statements.

### **Management's responsibility for the condensed financial statements**

Management is responsible for the preparation and fair presentation of the condensed financial statements in accordance with the financial reporting provisions of the Insurance Act 1978, amendments thereto and the Insurance Account Rules 2016 with respect to condensed general purpose financial statements (the "Legislation"). Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of condensed financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's responsibility**

Our responsibility is to express an opinion on the condensed financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the condensed financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the condensed financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the condensed financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation and fair presentation of the condensed financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the condensed financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Basis for adverse opinion on International Financial Reporting Standards**

As described in Note 3 of the condensed financial statements, the condensed financial statements are prepared by the Company on the basis of the financial reporting provisions of the Legislation, which is a basis of accounting other than International Financial Reporting Standards.

The effects on the condensed financial statements of the variances between the regulatory basis of accounting described in Note 3 and International Financial Reporting Standards, although not reasonably determinable, are presumed to be material.

### **Adverse opinion on International Financial Reporting Standards**

In our opinion, because of the significance of the matter discussed in the “Basis for adverse opinion on International Financial Reporting Standards” paragraph, the condensed financial statements referred to above do not present fairly, in accordance with International Financial Reporting Standards, the financial position of the Company as of March 31, 2021 and 2020, or the results of its operations or its cash flows for the years then ended.

### **Opinion on regulatory basis of accounting**

In our opinion, the condensed financial statements referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2021 and 2020, and the results of its operations for the years then ended in accordance with the financial reporting provisions of the Legislation described in Note 3.

**BERMUDA LIFE WORLDWIDE LIMITED**  
**NOTES TO THE CONDENSED FINANCIAL STATEMENTS**  
**AS AT MARCH 31, 2021**

*(Amounts in Tables are Expressed in Thousands of Bermuda Dollars)*

**PART I - GENERAL NOTE TO THE CONDENSED FINANCIAL STATEMENTS**

1. Bermuda Life Worldwide Limited (the “Insurer”) is a wholly owned subsidiary of Argus International Life Bermuda Limited (“AILBL”), a Bermuda company. Prior to April 1, 2007, the Insurer was a wholly owned subsidiary of Argus Group Holdings Limited, (“the Ultimate Parent”), a Bermuda company and the parent of AILBL.
2. The Insurer writes life insurance and annuities for high net worth individuals domiciled outside Bermuda. The Insurer reinsures a book of life business and fully retrocedes this to another reinsurer.
3. These condensed general purpose financial statements are prepared in accordance with rule 17A (2A) of the Insurance Act 1978 and the Insurance Accounts Rules 2016 (the “Legislation”). The recognition and measurement principles applied are in line with International Financial Reporting Standards (“IFRS”). The Legislation differs from IFRS in a number of material ways, primarily:
  - The format of the statements is prescribed by schedules IX and X of the Legislation,
  - The Company does not prepare a Statement of Cash Flows or equivalent and
  - Certain disclosures required by IFRS are not included.

IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the recorded amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

4. Significant Accounting Policies:

**A. Cash and time deposits**

Cash and short-term investments include cash balances, cash equivalents and time deposits with maturities of three months or less at the date of purchase. Interest on these balances is recorded on the accrual basis and included in Investment income.

There are no encumbrances on cash and time deposits.

**B. Financial Assets**

The Insurer has the following financial assets: (i) financial assets at Fair Value Through Profit or Loss (“FVTPL”), (ii) held-to-maturity financial assets, (iii) loans and receivables and (iv) available-for-sale financial assets. Management determines the classification of financial assets at initial recognition.

(i) Financial assets at FVTPL

A financial asset is classified at FVTPL if it is determined to be held-for-trading or is designated as such upon initial recognition. Financial assets are designated at FVTPL if the Insurer manages such investments and makes purchase and sale decisions based on their fair value in accordance with the Insurer’s documented risk management and investment strategies.

**BERMUDA LIFE WORLDWIDE LIMITED**  
**NOTES TO THE CONDENSED FINANCIAL STATEMENTS**  
**AS AT MARCH 31, 2021**

*(Amounts in Tables are Expressed in Thousands of Bermuda Dollars)*

Attributable transaction costs upon initial recognition are recognised in Investment income on the Condensed Statement of Income as incurred. FVTPL financial assets are measured at fair value, and changes therein are recognised in Investment income on the Condensed Statement of Income. Dividends earned on equities are recorded in Investment income on the Condensed Statement of Income.

(ii) Held-to-maturity financial assets

If the Insurer has the positive intent and ability to hold debt securities to maturity, then such financial assets are classified as held-to-maturity. Held-to-maturity financial assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, held-to-maturity financial assets are measured at amortised cost using the effective interest method, less any impairment losses. Amortisation of premiums and accretion of discounts are included in Investment income on the Condensed Statement of Income.

Any sale or reclassification of a more than insignificant amount of held-to-maturity investments not close to their maturity would result in the reclassification of all held-to-maturity investments as available-for-sale, and prevent the Insurer from classifying investment securities as held-to-maturity for the current and the following two financial years.

(iii) Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost less any impairment losses. Interest income from Loans and receivables is recognised in Investment income on the Condensed Statement of Income using the effective interest method.

For the purposes of this classification, Loans and receivables are comprised of Mortgages and loans, Interest and dividends receivable and other receivables in Other assets on the Condensed Balance Sheet.

(iv) Available-for-sale financial assets

Available-for-sale financial assets are financial assets that are not classified in any of the previous categories. Certain equity securities of the Insurer are classified as available-for-sale financial assets. These equities are subsequently carried at fair value except unquoted equities, which are carried at cost. Changes in fair value other than impairment losses are recognised in Other comprehensive income and presented on the Condensed Statement of Capital and Surplus.

When an investment is derecognised, the cumulative gain or loss in Other comprehensive income is transferred to the Condensed Statement of Operations. Dividends earned on equities are recorded in Investment income on the Condensed Statement of Income.

**BERMUDA LIFE WORLDWIDE LIMITED**  
**NOTES TO THE CONDENSED FINANCIAL STATEMENTS**  
**AS AT MARCH 31, 2021**

*(Amounts in Tables are Expressed in Thousands of Bermuda Dollars)*

**C. Fair value measurement**

A number of the Insurer's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Insurer categorizes its fair value measurements according to a three-level hierarchy. The hierarchy prioritizes the inputs by the Insurer's valuation techniques. A level is assigned to each fair value measurement based on the lowest level input significant to the fair value measurement in its entirety. The three levels of the fair value hierarchy are defined as follows:

Level 1 – Fair value is based on unadjusted quoted prices in active markets for identical assets or liabilities. An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Fair value is based on inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly or indirectly. These include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, inputs that are observable that are not prices such as interest rates and credit risks.

Level 3 – Fair value is based on valuation techniques that require one or more significant inputs that are not based on observable market inputs. These unobservable inputs reflect the Insurer's assumptions about market participants in pricing the assets and liabilities.

When available, quoted market prices are used to determine fair value for bonds, equities and derivatives. If quoted market prices are not available, fair value is typically based upon alternative valuation techniques such as matrix pricing, net asset valuation and discounted cash flow modelling. Broker quotes are used only when external public vendor prices are not available.

The Insurer has an established control framework with respect to the measurement of fair values. This included an investment validation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the Chief Financial Officer ("CFO"). The Group's investment validation process includes a review of price movements relative to the market. Any significant discrepancies are investigated and discussed with investment managers and a valuation specialist. The process also includes regular reviews of significant observable inputs and valuation adjustments. Significant valuation issues are reported to the Board.

**D. Life and Annuity Policy Reserves**

Life and annuity policy reserves are determined by the Insurer's actuaries and represent the amounts which, together with future premiums and investment income, are required to discharge the obligations under life and annuity contracts and to pay expenses related to the administration of those contracts.

**BERMUDA LIFE WORLDWIDE LIMITED**  
**NOTES TO THE CONDENSED FINANCIAL STATEMENTS**  
**AS AT MARCH 31, 2021**

*(Amounts in Tables are Expressed in Thousands of Bermuda Dollars)*

These reserves are determined using generally accepted actuarial practices according to standards established by the Canadian Institute of Actuaries (“CIA”). The CIA requires the use of the Canadian Asset Liability Method (“CALM”) for the valuation of actuarial liabilities for all lines of business. The policy actuarial liability reserves under CALM are calculated by projecting asset and liability cash flows under a variety of interest rate scenarios using best-estimate assumptions, together with margins for adverse deviations with respect to other contingencies pertinent to the valuation. The policy liability reserves make provision for the expected experience scenario and for adverse deviations in experience.

**E. Premium, Investment and commission income**

Life Insurance Premiums are recorded as revenue once they are due from policyholders and have been received.

Interest income earned is recorded as it accrues, using the effective interest method. Dividend income is recognized on the date the right to receive payment is established, which in the case of quoted securities is normally the ex-dividend date. Realized gains and losses on the sale of investments are reflected in income in the year they are realized.

Commission and management income is included in income as earned.

**F. Reinsurance premiums ceded**

Reinsurance premiums ceded are recorded as they are due. Reinsurance premiums ceded are netted from gross premiums.

**G. Advances to affiliates**

Amounts due from affiliates are carried at cost and have no formal repayment terms.

**BERMUDA LIFE WORLDWIDE LIMITED**  
**NOTES TO THE CONDENSED FINANCIAL STATEMENTS**  
**AS AT MARCH 31, 2021**

*(Amounts in Tables are Expressed in Thousands of Bermuda Dollars)*

**H. Foreign Currency Translation**

All amounts are expressed in Bermuda dollars which is on par with United States dollars.

5. See Part I Note 4(F).
6. See Part I Note 4(I).
- 7-12. All items outlined in the Act for Schedule X, Part I sections 7 – 12 are not applicable for the Insurer.
13. Assets and liabilities measured at fair value

The following table presents fair value of the Company's assets and liabilities measured at fair value in the Balance Sheet, categorized by level under the fair value hierarchy.

- 15.** Significant related party transactions are as follows:

**(a)** Operating expenses

Operating expenses include \$10,513 (2020 – (\$21,597)) representing the Insurer's allocation of group overhead expenses.

**(b)** Deductions other

Deductions other include the reinsurance recovery proceeds from death claims.

**(c)** Taxation

In Bermuda there are no taxes on profits, income or dividends, nor is there any capital gains tax and accordingly, no provision for such tax has been recorded by the Insurer.

The Bermuda Government has enacted legislation under which the Minister of Finance is authorised to give an assurance to an exempted company that "in the event of there being enacted in these Islands any legislation imposing tax computed on profits or income or computed on any capital asset, gain or appreciation, then the imposition of any such tax shall not be applicable to such entities or any of their operations". This assurance may be for a period ending not later than 31 March 2035; the assurance is applied for as a matter of routine by the Company and has been granted for the full period.

**NOTES TO THE CONDENSED FINANCIAL STATEMENTS**  
**AS AT MARCH 31, 2021**

*(Amounts in Tables are Expressed in Thousands of Bermuda Dollars)*

**16. Subsequent Events**

On May 27, 2021, The Group entered into a Sales and Purchase Agreement (SPA) with a potential buyer to sell the International Life Division, which includes Argus International Life Bermuda Limited and its subsidiaries, Argus International Life Insurance Limited and Bermuda Life Worldwide Limited. The transaction is subject to receipt of all regulatory approvals and is expected to be completed prior to September 30, 2021.

There were no other material subsequent events that are required to be disclosed.

**17. Impact of COVID 19**

In early 2020, many countries experienced an outbreak of the COVID-19 disease, which was later declared to be a global pandemic by the World Health Organization. Measures adopted by governments in countries worldwide to mitigate the spread have significantly impacted the global economy, which could deepen if the virus is prolonged. The Group continues to monitor and evaluate the impact of the pandemic on the Group's business which includes stress and scenario testing and has implemented processes for the continuation of operations and to support the well-being of customers, employees and broader communities. The risks associated with the COVID-19 pandemic are being managed in accordance with the Group's existing risk management framework. Business continuity plans are in effect across the Group, with a significant majority of employees continuing to work remotely to provide service to customers and maintain operations and technology functions. While the duration and impact of COVID-19 is highly uncertain, the Group's statutory capital remains well in excess of its minimum regulatory requirements and has sufficient margin to absorb the potential impact of this event.
