Report of Independent Auditors

To the Board of Directors of OmegaCat Reinsurance Ltd.

Opinions

We have audited the accompanying condensed financial statements of OmegaCat Reinsurance Ltd. (the "Company"), which comprise the condensed balance sheets and condensed statements of capital and surplus as of December 31, 2021 and 2020, and the related condensed statements of income for the years then ended, including the related notes (collectively referred to as the "condensed financial statements").

Unmodified opinion on regulatory basis of accounting

In our opinion, the accompanying condensed financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2021 and 2020, and the results of its operations for the years then ended in accordance with the financial reporting provisions of the Insurance Act 1978, amendments thereto and the Insurance Account Rules 2016 with respect to condensed general purpose financial statements (the "Legislation").

Adverse opinion on U.S. generally accepted accounting principles

In our opinion, because of the significance of the matter discussed in the *Basis for adverse opinion on U.S. generally accepted accounting principles* section of our report, the accompanying condensed financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Company as of December 31, 2021 and 2020, or the results of its operations for the years then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the condensed financial statements* section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for adverse opinion on U.S. generally accepted accounting principles

As described in Note 3 to the condensed financial statements, the condensed financial statements are prepared by the Company on the basis of the financial reporting provisions of the Legislation, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Bermuda Monetary Authority.

The effects on the condensed financial statements of the variances between the regulatory basis of accounting described in Note 3 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of management for the condensed financial statements

Management is responsible for the preparation and fair presentation of the condensed financial statements in accordance with the financial reporting provisions of the Legislation. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the condensed financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the condensed financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date the condensed financial statements are available to be issued.

Auditors' responsibilities for the audit of the condensed financial statements

Our objectives are to obtain reasonable assurance about whether the condensed financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the condensed financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the condensed financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the condensed financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the condensed financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

OMEGACAT REINSURANCE LTD.

NOTES TO THE CONDENSED GENERAL PURPOSE FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2021 and 2020

(All numbers are expressed in '000)

Part I – Matters to be set forth in a General Note to the Financial Statements

1. OmegaCat Reinsurance Ltd. (the "Company"), incorporated on November 15, 2018, is registered in Bermuda as a Class 3A insurer under The Insurance Act 1978 (the "Insurance Act"). The voting common shares of the Company are wholly-owned by OmegaCat Holdings Ltd. a Bermuda exempted company, and in turn, all of the issued and outstanding shares (i.e. shares which are not held in treasury) of OmegaCat Holdings Ltd. are registered in the name of Ocorian Services (Bermuda) Ltd. as trustee of the OmegaCat Purpose Trust, pursuant to a declaration of trust dated November 14, 2018. AlphaCat Managers Ltd. ("AlphaCat") holds non-voting preference shares of the Company and is the underwriter of the Company.
2. The Company offers fully collateralized short-tail reinsurance and retrocession coverage on a global basis over Property Catastrophe and Specialty lines of business. Reinsurance and retrocession policies are assumed from unrelated third parties and affiliates of which the policy obligations are fully collateralized by way of reinsurance trust accounts established to the benefit of each cedent. Funding for the collateral is obtained from the issuance of Variable Funding Notes (the "Notes") issued by the Company to AlphaCat Diversified Fund Ltd., AlphaCat Advantage Fund Ltd., AlphaCat Prima Fund Ltd., AlphaCat Soteria Fund Ltd., AlphaCat Opportunities II Ltd. and AlphaCat Opportunities Ltd., as well as to a separately managed account (collectively, the "AlphaCat Funds").
3. These condensed general-purpose financial statements are prepared in accordance with financial reporting provisions of the Insurance Act, amendments thereto and the Insurance Accounts Rules 2016 with respect to condensed general purpose financial statements (the "Legislation"). The recognition and measurement principles applied are in line with accounting principles generally accepted in the United States of America ("US GAAP"). The Legislation differs from US GAAP in certain respects as follows:
 - The format of the statements is prescribed by schedules IX and X of the Insurance Account Rules 2016;
 - Statement of cash flows or equivalent is not included;
 - Certain disclosures required by US GAAP are not included; and
 - Comprehensive income and its components are not presented in the condensed statement of income

The effects of the foregoing variances from US GAAP on the accompanying condensed general purpose financial statements have not been determined but are presumed to be material.

4. The Financial Statements are denominated in U.S. dollars. All estimates are subjective in nature and could materially influence the financial statements. Accordingly, management makes these estimates and assessments on an ongoing basis according to past experience and various factors that are deemed reasonable and which constitute the basis for these assessments. The amounts shown in the Company's future financial statements are likely to differ from these estimates in accordance with changes in assumptions or different conditions. It is believed that the estimates utilized in preparing these financial statements are reasonable; however, actual results could differ from these estimates and such differences could be material.

The following are the significant accounting policies adopted by the Company:

a) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held on call with banks and other short-term highly liquid investments, including amounts held in trust accounts, with a maturity of three months or less at the date of purchase. The carrying value approximates fair value because of the short-term nature and high liquidity of these assets.

b) Foreign currency

The Company's functional currency is the U.S. dollar. Transactions in foreign currencies are recorded in U.S. dollars at the exchange rate in effect on the transaction date. Monetary assets and liabilities in foreign currencies are translated at the exchange rates in effect at the reporting date and foreign exchange gains and losses are included in the statement of income.

c) Revenue recognition and acquisition costs

Gross premiums written are recorded at the inception of the policy. Premiums written and reinsurance premiums assumed relating to underwriting risks are recorded on an accrual basis and earned on a pro-rated basis over

OMEGACAT REINSURANCE LTD.

NOTES TO THE CONDENSED GENERAL PURPOSE FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2021 and 2020

(All numbers are expressed in '000)

policy periods. The portion of the premiums written applicable to the unexpired terms of the underlying contracts and policies in force are recorded as unearned premiums.

d) Reinsurance premiums ceded

The Company seeks to reduce the potential amount of loss arising from claims events by reinsuring certain levels of risk assumed in various areas of exposure with other insurers or reinsurers. Reinsurance premiums ceded are presented as a reduction to gross premiums written and are calculated on a pro-rata basis over the period the reinsurance coverage is provided. Prepaid reinsurance premiums represent the portion of premiums ceded applicable to the unexpired term of policies in force.

The Company has a receivable from AlphaCat Funds of \$245,597 (2020: \$89,796) which represents hedging credit for collateral required through the purchase of derivative contracts triggered by industry-wide insurance losses (referred to collectively as "ILWs") and stop loss contracts and applied to the fronting arrangement with Validus Reinsurance Ltd. ("Validus Re").

e) Commission and brokerage

Commission and brokerage expenses consist principally of costs that vary with, and are directly related to, the production of new and renewal business. These expenses are calculated on a pro-rata basis over the period of the insurance coverage is provided. The portion of the commission and brokerage applicable to the unexpired term of the underlying contracts and policies in force are recorded as deferred acquisition costs.

f) Losses reserves

The loss and loss expenses provision includes reserves for unpaid reported losses ("case") and for losses incurred but not reported ("IBNR"). The case reserve is established by management based on reports from brokers, ceding companies and insureds and represents the estimated ultimate cost of events or conditions that have been reported to, or specifically identified by the Insurer. The reserve for IBNR is established by management based on actuarially determined estimates of ultimate losses and loss expenses. Inherent in the estimate of ultimate losses and loss expenses are expected trends in claim severity and frequency and other factors which may vary significantly as claims are settled. Accordingly, ultimate losses and loss expenses may differ materially from the amounts recorded in the statutory financial statements. These estimates are reviewed regularly and, as experience develops and new information becomes known, the reserves are adjusted as necessary. Such adjustments, if any, will be recorded in the earnings in the period in which they become known. Prior period development arises from changes to loss estimates recognized in the current year that relate to loss reserves incurred in previous calendar years.

The preparation of the Condensed GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and amounts of revenues and expenses during the reported period. Actual results could differ materially from those estimates.

g) Investment / Interest income

Interest income on trust account balances are earned on accrual basis.

h) Taxation

Under current Bermuda Law, the Company is not required to pay taxes in Bermuda on either income or capital gains. The Company has received an undertaking from the Minister of Finance in Bermuda that in the event of such taxes being imposed, the Company will be exempted from taxation until the year 2035. However, certain U.S dividend income and interest income may be subject to a maximum 30% withholding tax. Further, certain U.S dividend income may be subject to a tax at a prevailing treaty or standard withholding rates with applicable country or local jurisdiction.

NOTES TO THE CONDENSED GENERAL PURPOSE FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2021 and 2020

(All numbers are expressed in '000)

Management believes that the assumptions used establishing its provision for loss and loss adjustment expenses represent a realistic and appropriate basis for estimating those reserves as of December 31, 2021 and 2020. However, these assumptions are subject to change and the Company continually reviews and adjusts its reserve estimates taking into account all currently known information and updated assumptions related to unknown information. While management believes it has made a reasonable estimate of loss expenses occurring up to the balance sheet date, the ultimate costs of claims incurred could exceed the Company's reserves and have a materially adverse effect on its future results of operations and financial condition.
