Notes to the Condensed General Purpose Financial Statements 12

April 22, 2022

Report of Independent Auditors

To the Board of Directors of Transamerica International Re (Bermuda) Ltd.

Opinions

We have audited the accompanying condensed consolidated financial statements of Transamerica International Re (Bermuda) Ltd. and its subsidiaries (the "Company"), which comprise the condensed consolidated balance sheets and condensed consolidated statements of capital and surplus as of December 31, 2021 and 2020, and the related condensed consolidated statements of income for the years then ended, including the related notes (collectively referred to as the "condensed consolidated financial statements").

Unmodified opinion on regulatory basis of accounting

In our opinion, the accompanying condensed consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2021 and 2020, and the results of its operations for the years then ended in accordance with the financial reporting provisions of the Insurance Act 1978, amendments thereto and the Insurance Account Rules 2016 with respect to condensed general purpose financial statements (the "Legislation").

Adverse opinion on U.S. generally accepted accounting principles

In our opinion, because of the significance of the matter discussed in the *Basis for adverse opinion on U.S. generally accepted accounting principles* section of our report, the accompanying condensed consolidated financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Company as of December 31, 2021 and 2020, or the results of its operations for the years then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the condensed consolidated financial statements* section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for adverse opinion on U.S. generally accepted accounting principles

As described in Note 3 to the condensed consolidated financial statements, the condensed consolidated financial statements are prepared by the Company on the basis of the financial reporting provisions of the Legislation, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Bermuda Monetary Authority.

The effects on the condensed consolidated financial statements of the variances between the regulatory basis of accounting described in Note 3 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of management for the condensed consolidated financial statements

Management is responsible for the preparation and fair presentation of the condensed consolidated financial statements in accordance with the financial reporting provisions of the Legislation. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the condensed consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the condensed consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date the condensed consolidated financial statements are available to be issued.

Auditors' responsibilities for the audit of the condensed consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the condensed consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the condensed consolidated financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgement and maintain professional scepticism throughout the audit.
- Identify and assess the risks of material misstatement of the condensed consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the condensed consolidated financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the condensed consolidated financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO THE CONDENSED GENERAL PURPOSE FINANCIAL STATEMENTS

1. Transamerica International Re (Bermuda) Ltd., (the Insurer) is incorporated under the laws of Bermuda. The Insurer is a wholly owned subsidiary of Transamerica Corporation (TA Corp) (the Parent), which is incorporated in the United States of America and is an indirect, wholly owned subsidiary of AEGON N.V., a corporation incorporated under the laws of the Netherlands.
2. The Insurer is authorized under the Insurance Act 1978 to carry on business as a Class C Insurer. The Insurer reinsures in force blocks of term life business ceded directly from unaffiliated client insurance companies as well as retroceded from affiliated companies. The risks assumed by the Insurer are retroceded to an unaffiliated reinsurer, therefore the primary risk is credit default by the reinsurer.
3. The Condensed General Purpose Financial Statements have been prepared in conformity with the financial reporting provisions of the Insurance Act 1978, amendments thereto and the Insurance Account Rules 2016 with respect to Condensed General Purpose Financial Statements (the Legislation). The Condensed General Purpose Financial Statements are based upon accounting principles generally accepted in the United States of America (US GAAP) but are in accordance with the reporting requirements of the Legislation, which varies in certain respects from US GAAP. The more significant variances are as follows:
 - A statement of cash flows is not included;
 - A statement of comprehensive income is not included;
 - The presentation and classification of financial statement line items is in accordance with Schedules IX and XI of the Insurance Account Rules 2016 and differ from the expected presentation and classification under US GAAP; and
 - The notes included in the Condensed General Purpose Financial Statements have been prepared in accordance with Schedule X of the Insurance Account Rules 2016 and exclude certain information required under US GAAP.
4. The following is a summary of the significant accounting policies and practices employed by the Insurer:
 - (a) Life and health benefit reserves are developed by actuarial methods and generally based on the Company's experience.
 - (b) Cash and cash equivalents include cash at the bank and money market accounts which are short-term highly liquid investments with original maturities of three months or less.
 - (c) Quoted investments in bonds are classified as available-for-sale and carried at market value. Changes in net unrealized gains (losses) related to such investments are recorded on the Condensed Statements of Capital and Surplus. Market value was determined using the following sources: indexes, third party pricing services, and brokers.
 - (d) Permanent diminution in value of investments is reviewed on an ongoing basis for credit deterioration or changes in estimated cash flows. If this review indicates a decline in fair value that is other than temporary the carrying amount of the investment is reduced to its fair value, and a specific write-down is recorded on the Condensed Statements of Income.
 - (e) Bermuda currently imposes no income, withholding or capital gains taxes, and the Insurer is not liable until at least March 2035 for any such taxes pursuant to the Bermuda Exempted Undertakings Protection Act 1966, as amended. However, the Insurer has elected to be treated as a United States corporation under Section 953(d) of the United States Internal Revenue Code of 1986, as amended. Therefore, the Insurer is a United States domestic insurance company for United States federal income tax purposes. The Insurer uses the asset and liability method to record deferred income taxes. Accordingly, tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases, using enacted tax rates expected to apply when such temporary differences are expected to reverse.

- (f) Surrenders are incurred during the relevant year as a result of the surrender by policyholders, either for cash or in exchange for some other consideration of policies with cash surrender values. Surrenders are recorded on the basis of notifications received.
- (g) The costs of acquiring new business (principally commissions), which vary with and are primarily related to the production of new business, have been deferred. These deferred acquisition costs (DAC) have been determined in accordance with US GAAP. According to these accounting rules:
 - 1. DAC relating to cessions of traditional life insurance policies must be recoverable and have a value that is realizable through actuarially-determined margins between future (gross) premiums and the corresponding (net) valuation premiums. These valuation premiums are calculated in accordance with US GAAP requirements, and they are calculated to fund future benefits and expenses with appropriate margins for adverse deviation.
- 5. (a) Premiums relating to long term business are recorded as reported by the ceding insurance companies. Premiums are recognized as revenue on a pro-rata basis over the periods covered by the reinsurance to which it relates.
- (b) Investment income is recorded on the accrual basis. Income on mortgage-backed securities includes amortization and accretion of purchase premiums and discounts using a method that approximates a level yield, taking into consideration assumed prepayment patterns. Realized gains and losses on the sale of investments are determined on the specific identification method and are included in the determination of net income.
- (c) Commissions allowed by reinsurers on business ceded are reported as income when incurred.
- 6. Not applicable.
- 7 - 12. Not applicable.
- 13. Fair Value

The Company has categorized its investments into the three-level hierarchy based on the priority of the inputs to the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument. Assets recorded at fair value on the Condensed Balance Sheet are categorized as follows:

Level 1 - Unadjusted quoted prices for identical assets in an active market.

Level 2 - Quoted prices in markets that are not active or inputs that are observable either directly or indirectly for substantially the full term of the asset. Level 2 inputs include the following:

- a) Quoted prices for similar assets in active markets
- b) Quoted prices for identical or similar assets in non-active markets
- c) Inputs other than quoted market prices that are observable
- d) Inputs that are derived principally from or corroborated by observable market data through correlation or other means

Level 3 - Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3. The circumstances for using unobservable measurement includes those in which there is little, if any, market activity for the assets. Therefore, the Company must make assumptions about inputs a hypothetical market participant would use to value the assets

The following tables provide information about the Company's quoted and unquoted investments measured at fair value as of December 31, 2021 and 2020:

	2021			Total
	Level 1	Level 2	Level 3	
Quoted bonds and debenture	24,290,720	371,119,960	-	395,410,680

	2020			Total
	Level 1	Level 2	Level 3	
Quoted bonds and debenture	91,028,141	391,396,893	-	482,425,034

14. The contractual maturity profile of the Bonds and Debentures as of December 31, 2021 and 2020:

	Fair Value	
	2021	2020
Due in one year or less	\$ 50,527,179	\$ 62,454,513
Due after one year through five years	111,019,438	143,819,175
Due after five years through ten years	169,071,941	179,526,592
Due after ten years	64,792,122	96,624,754
	\$ 395,410,680	\$ 482,425,034

15. The Company shares certain officers, employees and general expenses with affiliated companies.

AEGON USA Investment Management, LLC acts as a discretionary investment manager under an Investment Management Agreement with the Company. The Company incurred expenses under this agreement of \$32,297 and \$42,387 for the years ended December 31, 2021 and 2020, respectively.

The Company is party to a services agreement with Transamerica (Bermuda) Services Center LTD. (TBSC). The amounts paid as a result of being a party to this agreement were \$73,684 and \$57,276 for 2021 and 2020, respectively. At December 31, 2021 and 2020, the Company reported a net amount of (\$5,538) and (\$14,249) (payable to)/receivable from parent, subsidiary and affiliated companies. Terms of settlement require that these amounts be settled within 90 days. Receivables from and payables to affiliates bear interest at the thirty-day commercial paper rate. During 2021 and 2020, the Company received net interest of \$0 and \$0 from affiliates.

On August 9, 2011, Aegon disposed of its life reinsurance operations, Transamerica Reinsurance, to SCOR in a complex reinsurance transaction. As a result, the Company has reinsured affiliated traditional life reinsurance transactions associated with the former Transamerica Reinsurance operations from U.S.-domiciled affiliates, Transamerica Life Insurance Company (TLIC) and Transamerica Financial Insurance Company (TFLIC). At December 31, 2021 and 2020, reinsurance balances receivable from foreign affiliates includes \$3,487,284 and \$1,330,784, respectively, due from TLIC and TFLIC. At December 31, 2021 and 2020, reinsurance balances payable to affiliates include \$464,507 and \$2,071,664 respectively, due to TLIC and TFLIC. Assumed gross premiums and other considerations of \$137,829,254 and \$158,443,220 reflect reinsurance assumed from affiliates, TLIC and TFLIC, during 2021 and 2020, respectively. The Company retrocedes the business primarily to Scor Global Life Reinsurance Ireland (SGLRI). In order to support the transactions, the assets held in the funds withheld account on deposit by SGLRI are provided in a trust for the benefit of TLIC and TFLIC as reserve credit security. Letters of Credits with Transamerica Corp and Aegon NV as a co-applicant are provided to reinsurance counterparties, including TLIC and TFLIC as reserve credit security.

Effective December 1, 2021, the Company recaptured business previously retroceded to a third party. Subsequently, that business was recaptured by Transamerica Financial Life Insurance Company (TFLIC), an affiliate. The reserves were initially recorded and then removed from the financials when recaptured by TFLIC in the amount of \$66,877,000. Consideration of \$16,670,171 was received and subsequently paid to TFLIC. As a result, there was no net financial statement impact.

16. Effective April 1, 2022, the Company recaptured business previously retroceded to a third party. Subsequently, that business was recaptured by Transamerica Financial Life Insurance Company (TFLIC), an affiliate. The reserves were initially recorded and then removed from the financials when recaptured by TFLIC in the amount of \$43,936,270. Consideration of \$16,390,336 was received and subsequently paid to TFLIC. As a result, there was no net financial statement impact to net income or capital and surplus.

- 16.-17. Not applicable.

20. Long term insurance reserves for reported claims represent the estimated accrued liability for claims reported to the Insurer through the condensed balance sheet date. These reserves are estimated using individual case-basis valuations. These estimates are subject to the effects of trends in claim severity and frequency. The estimates are continually reviewed and adjusted as necessary as experience develops or new information becomes available.
21. Long term insurance reserves for unreported claims represent the estimated accrued liability for claims incurred but not yet reported through the Condensed Balance Sheet date. These reserves are estimated using statistical analysis techniques. These estimates are subject to the effects of trends in claim severity and frequency. The estimates are continually reviewed and adjusted as necessary as experience develops or new information becomes available.
- 22.-23. See General Note 4 (a).
- 24.-26. Not applicable.
27. (a) See Notes to the Condensed Balance Sheet 1 and 2.
 (b) None. The Insurer uses letters of credit to provide security for reserve credit in excess of the assets held in trust.
28. Insurance and reinsurance balances payable includes amounts due to ceding insurers established in the normal course of business and will fluctuate due to the timing of settlements.
- 29.-30. Not applicable.
- 31.(a) The Insurer has elected to be treated as a United States corporation under Section 953(d) of the United States Internal Revenue Code of 1986, as amended. Therefore, the Insurer is a United States domestic insurance company for United States federal income tax purposes.
 (b) The Insurer records deferred income taxes which reflect the net tax effect of the temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.
32. Refer to General Note 15.
33. Accounts payable and accrued liabilities as of December 31, 2021 and 2020, was \$986,871 and \$3,642,361 and respectively.
