

## Independent auditor's report

To the Board of Directors of Allianz Risk Transfer (Bermuda) Limited

### Our opinion

In our opinion, the condensed financial statements of Allianz Risk Transfer (Bermuda) Limited (the Company) are prepared, in all material respects, in accordance with the financial reporting provisions of the Insurance Act 1978, amendments thereto and the Insurance Account Rules 2016 with respect to condensed general purpose financial statements (the 'Legislation').

### What we have audited

The Company's condensed financial statements comprise:

- the condensed balance sheet as at December 31, 2022;
- the condensed statement of income for the year then ended;
- the condensed statement of capital and surplus as at December 31, 2022; and
- the notes to the condensed financial statements, which include significant accounting policies and other explanatory information.

---

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the condensed financial statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Independence

We are independent of the Company in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (IESBA Code) and the ethical requirements of the Chartered Professional Accountants of Bermuda Rules of Professional Conduct (CPA Bermuda Rules) that are relevant to our audit of the condensed financial statements in Bermuda. We have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the ethical requirements of the CPA Bermuda Rules.

---

### Emphasis of matter – basis of accounting

Without modifying our opinion, we note that the condensed financial statements have been prepared in accordance with the financial reporting provisions of the Legislation. The accounting policies used and the disclosures made are not intended to, and do not, comply with all of the requirements of accounting principles generally accepted in the United States of America.

---

## **Responsibilities of management for the condensed financial statements**

Management is responsible for the preparation of the condensed financial statements in accordance with the financial reporting provisions of the Legislation, and for such internal control as management determines is necessary to enable the preparation of condensed financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the condensed financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

---

## **Auditor's responsibilities for the audit of the condensed financial statements**

Our objectives are to obtain reasonable assurance about whether the condensed financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these condensed financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the condensed financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the condensed financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

---

# ALLIANZ RISK TRANSFER (BERMUDA) LIMITED

## Notes to the Condensed General Purpose Financial Statements

December 31, 2022

---

### Part I - General Notes to the Financial Statements

#### 1. **Business and organization**

Allianz Risk Transfer (Bermuda) Limited (“the Company”) is a wholly owned subsidiary of Allianz Global Risks US Insurance Company (“AGR”), and was incorporated in Bermuda on September 20, 1999. The Company is licensed under the Insurance Act 1978 of Bermuda and related regulations to write all classes of property and casualty business.

Prior to 2019, the Company was a wholly owned subsidiary of Allianz Risk Transfer, Inc. (“ART NY”) who was incorporated in the State of New York on April 7, 1998. In 2019, the Company became a wholly owned subsidiary of AGR, an insurance company based in Chicago, Illinois, USA. AGR is indirectly owned by Allianz SE, a stock company based in Germany.

#### 2. **Business underwritten**

The Company specializes in providing customized insurance, reinsurance and non-traditional risk management and financial solutions to corporate clients worldwide.

A significant portion of the Company’s business is based on generation of underwriting fees, whereby business is assumed from related parties and ceded to third parties who are looking to access the Company’s underwriting platform.

The reinsurance coverage provided for the Company’s own account, relates primarily to the Company’s participation in various excess of loss property catastrophe reinsurance contracts. The Company also participates in various quota share and excess of loss reinsurance contracts including, but not necessarily limited to, the following lines of business: property, liability, credit & surety and miscellaneous financial loss. Catastrophe reinsurance provides cover for liabilities arising from unpredictable events such as hurricanes, windstorms, hailstorms, earthquakes, fires, industrial explosions, freezes, floods and other man-made or natural disasters. The Company manages its exposures of catastrophic events and other risks by purchasing retrocessional cover for these risks and by obtaining collateral for a significant portion of these exposures.

#### 3. **Accounting Standards**

The condensed general purpose financial statements have been prepared in conformity with the financial reporting provisions of the Insurance Act 1978, amendments thereto and the Insurance Account Rules 2016 with respect to the Condensed General Purpose Financial Statements (the “Legislation”). The condensed general purpose financial statements are based upon accounting principles generally accepted in the United States of America (“US GAAP”) but are in accordance with the reporting requirements of the Legislation, which varies in certain respects from US GAAP. The more significant variances are as follows:

- A statement of cash flows is not included;
- A statement of comprehensive income is not included;

# ALLIANZ RISK TRANSFER (BERMUDA) LIMITED

## Notes to the Condensed General Purpose Financial Statements

December 31, 2022

---

The presentation and classification of financial statement line items is in accordance with Schedules IX and XI of the Insurance Account Rules 2016 and differ from the expected presentation and classification under US GAAP, and

### Part I - General Notes to the Financial Statements (continued)

#### 3. Accounting Standards (continued)

- The notes included in the condensed general purpose financial statements have been prepared in accordance with Schedule X of the Insurance Account Rules 2016 and exclude certain information required under US GAAP.

#### 4. **Significant accounting policies**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amount of reported assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The significant estimates reflected in the Company's financial statements include, but are not limited to, net loss and loss expense provisions, estimates of profit commission and the fair value of derivatives and unquoted investments.

The following are the significant accounting policies adopted by the Company:

##### *(a) Premiums earned*

Premiums written, assumed and ceded are recorded on the accruals basis and are included in income on a pro-rated basis in proportion to the amount of protection provided over the term of the underlying agreements, with the unearned portion deferred in the balance sheet, net of prepaid reinsurance premiums. Profit commission expenses are recorded on the accruals basis and are included in income on a pro-rated basis over the period in which the related premiums are earned. Profit commissions are based on the best estimate of ultimate premiums and losses under the agreements.

##### *(b) Underwriting fees*

Underwriting fees are accrued to the balance sheet date and are recognized on a pro-rated basis over the contract period.

##### *(c) Cash and cash equivalents*

Cash and cash equivalents include cash on hand, demand deposits and collateral deposits with banks as well as money market funds with no restrictions on redemption.

##### *(d) Loss and loss expense provisions*

Losses and loss expenses paid are recorded when advised by the ceding insurance companies. Outstanding loss estimates comprise the amount of reported losses and loss expenses received from cedants plus a provision for losses incurred but not yet reported ("IBNR").

# ALLIANZ RISK TRANSFER (BERMUDA) LIMITED

## Notes to the Condensed General Purpose Financial Statements

December 31, 2022

---

### Part I - General Notes to the Financial Statements (continued)

#### 4. Significant accounting policies (continued)

##### *(d) Loss and loss expense provisions (continued)*

IBNR reserves are estimated by management using various actuarial methods, output from various catastrophe loss models, industry loss experience, underwriters' experience, general market trends and management's judgement.

Given the inherent nature of the Company's insured exposures (see Note 2) considerable uncertainty underlies the assumptions and associated estimates of outstanding losses and loss expenses. These estimates are reviewed regularly and, as experience develops and new information becomes known, the reserves are adjusted as necessary. Such adjustments, if any, are reflected in income in the period in which they are determined. Due to the inherent uncertainty in estimating the liability for losses and loss expenses, there can be no assurance that the ultimate liability will not be settled for significantly greater or lesser amounts than that recorded.

Based on the current assumptions used management believes, based on the recommendations of the qualified actuary, that the provision for outstanding losses and loss expenses will be adequate to cover the ultimate cost of losses incurred to the balance sheet date but the provision is necessarily an estimate and may ultimately be settled for a significantly greater or lesser amount. It is at least reasonably possible that management will revise this estimate significantly in the near term. Any subsequent differences arising are recorded in the period in which they are determined.

##### *(e) Fair Value Measurements*

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

##### *Basis of Fair Value Measurement*

Accounting Standards Codification ("ASC") 820 establishes a fair value hierarchy that prioritizes the inputs to the respective valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). An asset's or liability's classification within the fair value hierarchy is based on the lowest level of significant input to its valuation. The three levels of the fair value hierarchy are described further below:

# ALLIANZ RISK TRANSFER (BERMUDA) LIMITED

## Notes to the Condensed General Purpose Financial Statements

December 31, 2022

---

### Part I - General Notes to the Financial Statements (continued)

#### 4. Significant accounting policies (continued)

##### *(e) Fair Value Measurements (continued)*

**Level 1** — Valuations based on quoted prices (unadjusted) in active markets for identical assets or liabilities, that the Company has the ability to access at the measurement date. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these instruments does not entail a significant degree of judgment.

**Level 2** — Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets and inputs other than quoted prices that are observable for the asset or liability, such as interest rates and yield curves that are observable at commonly quoted intervals, broker quotes and certain pricing indices.

**Level 3** — Valuations based on inputs that are unobservable and significant to the overall fair value measurement. These measurements include circumstances where there is little, if any, market activity for the asset or liability. In these cases, significant management assumptions can be used to establish management's best estimate of the assumptions used by other market participants in determining the fair value of the asset or liability.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level input that is significant to the fair value measurement of the asset or liability. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and the Company considers factors specific to the asset or liability.

##### *(f) Investments*

The Company classifies its investments as available for sale or held for trading. Investments classified as available for sale are carried at fair value with unrealized gains or losses, net of related tax effects, included in the condensed balance sheets as a separate component of capital and surplus. Investments classified as held for trading are carried at fair value with unrealized gains or losses included in the condensed statement of income.

The fair value of fixed income securities is based upon quoted market values where available, "evaluated bid" prices provided by third party pricing services ("pricing services") where quoted market values are not available, or by reference to broker or underwriter bid indications where pricing services do not provide coverage for a particular security.

The carrying value of investments in unquoted equity instruments is established using the net asset value per unit, and which approximates fair value.

# ALLIANZ RISK TRANSFER (BERMUDA) LIMITED

## Notes to the Condensed General Purpose Financial Statements

December 31, 2022

---

### Part I - General Notes to the Financial Statements (continued)

#### 4. Significant accounting policies (continued)

##### *(f) Investments (continued)*

Realized gains and losses on sales of investments are determined on the basis of specific identification and are included in the condensed statement of income. Investment income, net of investment expenses, is accrued to the balance sheet date and includes amortization of premiums or discount on investments purchased at amounts different from their par value.

Investments with unrealized losses considered to be other than temporary are written down to fair value, creating a new cost basis for the investment. The impairment is recorded within realized losses in the statement of income.

##### *(g) Derivative financial instruments*

As part of the Company's underwriting strategy, the Company enters into derivative contracts. The Company designates its substantive derivative contracts in accordance with ASC 815 which establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. This standard requires that an entity recognize derivatives as either assets or liabilities in the balance sheet and measure those instruments at fair value, with changes in the fair value recorded in earnings. The fair values of derivatives are estimated by management. The estimation of fair value is complex and requires management to exercise significant judgment. The fair values of derivatives are recorded as assets or liabilities as appropriate and changes in fair values are recorded in current earnings.

As at December 31, 2022 and 2021, the Company does not have transactions which qualify as fair value hedges.

Estimation of the fair values of the Company's derivative contracts requires management to make estimates in respect of such factors as energy prices and weather data, mortality rates, longevity rates and other future events. As such, the fair values estimated by management may differ significantly from the ultimate settlement value of these transactions. Adjustments to the fair value of these derivatives are reflected in income in the period in which they are made.

##### *(h) Pension plans*

The Company operates a defined contribution retirement plan for Bermudian employees. The plan is funded currently with employer contributions of 10% of an employee's salary and bonus (all contributions made up to the legal limits). The Company's contributions to the plan in 2022 were \$194,000 (2021 - \$194,000).

The Company operates a separate defined contribution retirement plan for International employees. The plan is funded currently with employer contributions of 10% of an employee's salary. The Company's contributions to the plan in 2022 were \$117,000 (2021 - \$147,000).

## Notes to the Condensed General Purpose Financial Statements

December 31, 2022

---

### Part I - General Notes to the Financial Statements (continued)

#### 4. Significant accounting policies (continued)

##### *(i) Federal income taxes*

The Company uses the asset and liability method of accounting for income taxes. Deferred tax assets and deferred tax liabilities are recognized for the future tax consequences related to temporary differences between the amounts of assets and liabilities recognized for financial reporting purposes and such amounts recognized for income tax purposes, measured by applying currently enacted tax rates. The effect on deferred tax assets and deferred tax liabilities of a change in tax rates is recognized in the period that includes the enactment date. The Company recognizes deferred tax assets if it is more likely than not that a benefit will be realized.

##### *(j) Foreign exchange*

Transactions denominated in currencies other than United States Dollars are translated to United States Dollars at the prior month end exchange rate. Financial assets and liabilities held in foreign currency are translated to United States Dollars at the rate prevailing at the balance sheet date. Foreign exchange gains or losses relating to these transactions are included in the statement of income.

5. See Part I, Note 4.

6. See Part I, Note 4.

7. N/A

#### 8. **Commitments and contingencies**

In 2021, the Company renewed its lease for its Hamilton, Bermuda premises for a four year term that expires on September 30, 2025. The Company recorded total rent expenses of \$0.3 million during the year (2021 - \$0.3 million). The total minimum future lease payments required under this lease are as follows:

2023	\$337,500
2024	\$337,500
2025	<u>\$253,125</u>
Total	<u>\$928,125</u>

**ALLIANZ RISK TRANSFER (BERMUDA) LIMITED**

### Part I - General Notes to the Financial Statements (continued)

15. See Note 8.

Amounts receivable (payable) and fees incurred/ (charged) in the year to/from affiliates are as follows:

	Amounts receivable (payable)		Fees incurred/ (charged) in year ended	
	2022	2021	2022	2021
ART NY	-	-	3,717	63,733
ART AG	(8,727)	247,534	3,806,703	1,603,690
Allianz Global Corp & Specialty SE	1,472,176	(1,126,614)	3,414,283	3,477,587
Fireman's Fund Insurance Co.	-	-	-	(1,802)
Allianz Global Risk US Insurance Co.	188,421	(1,401,839)	3,677,656	3,162,815
ART AG (Bermuda Branch)	1,052,727	2,056,436	(2,995,306)	(2,902,376)
	<u>2,704,597</u>	<u>(224,483)</u>	<u>7,907,053</u>	<u>5,403,647</u>

During 2022, the Company assumed from affiliates and retroceded to affiliates certain reinsurance transactions. The amounts related to this for the year are as follows:

Gross premium written assumed from affiliates	\$ 507,771,224
Reinsurance premium ceded to affiliates	\$ 1,292,450

16. The Board of Directors have assessed and evaluated all subsequent events arising from the balance sheet date up until July 25, 2023 the date the financial statements were available to be issued, and have assessed that there are no events requiring additional disclosure.

### PART II - Notes to the Statement of Capital and Surplus

- 1 (a). Common stock, authorized, issued and fully paid – 120,000 shares of par value \$1 each.
- 1 (b). Contributed surplus represents amounts contributed by AGR in cash in addition to their subscription to issued share capital.
- 2 (c). In 2022, the Company declared and paid \$ nil in dividends (2021: \$ nil).

# ALLIANZ RISK TRANSFER (BERMUDA) LIMITED

## Notes to the Condensed General Purpose Financial Statements

December 31, 2022

### Part III - Notes to the Balance Sheet

1. As at December 31, 2022, cash and cash equivalents of approximately \$149 million (2021 - \$100 million) is held by one U.S. financial institution. The Company's management evaluates the financial strength and stability of the U.S. financial institution on a periodic basis.

The Company maintains collateral balances at a number of financial institutions supporting transactions written using International Security Dealers Association derivative contracts. The balances for the years ending December 31, 2022 and 2021 are as shown in the following table:

	Jurisdiction	Rating (S&P)	Collateral Asset Balance	
			2022 \$	2021 \$
Financial institution 1	USA	A+	16,786,492	7,541,893
Financial institution 2	USA	A+	19,662,779	113,375,670
Financial institution 3	UK	A	(7,671,505)	2,447,906
			<u>28,777,766</u>	<u>123,365,469</u>

2. See Part I Note 4 for the method of valuation for quoted investments.
3. See Part I Note 4 for the method of valuation for unquoted investments. Unquoted equity securities of \$0.6 million (2021 - \$0.7 million) comprise an equity participation in an unquoted limited liability company focused on investing in energy and infrastructure opportunities on a global basis.

Unquoted bonds and debentures comprise investments in a total return bond fund of \$10.6 million (2021 - \$12.5 million).

Included in investments, are quoted bonds and debentures of \$20.3 million (2021 - \$34.6 million) classified as held for trading.

4. Advances to affiliates of \$2.7 million (2021 - \$2.3 million) include fees billed to related parties for general advice and consulting assistance in analyzing and structuring deals. Outstanding balances are interest-free and carry no fixed repayment terms.
5. – 9. N/A

## Notes to the Condensed General Purpose Financial Statements

December 31, 2022

### PART III - Notes to the Balance Sheet (continued)

10. Accounts and premiums receivable of \$340.4 million at December 31, 2022 (2021 - \$316.4 million) comprises (i) premiums receivable from third parties \$57.2 million (2021: \$14.6 million), (ii) premiums receivable from affiliates \$229.4 million (2021: \$232.2 million) and (iii) amounts deferred – not yet due \$53.7 million (2021: \$69.6 million).
11. N/A
12. Funds held by ceding reinsurers of \$7.7 million (2021 - \$3.8 million) represent amounts due from an affiliate.
13. As part of the Company's underwriting strategy, it enters into derivative contracts. The Company designates its derivative contracts in accordance with ASC 815 which establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. See Part I Note 3 of the notes to the condensed general purpose financial statements for the description of the policies surrounding the use of derivatives. Sundry assets include:
- a) Derivative assets of \$81.5 million at December 31, 2022 (2021 - \$38.9 million). See Part I Note 3 for the description of the policies surrounding the use of derivatives. The balance sheet position represents:
- i) a derivative with an affiliate representing hedging of the Company's long-term compensation plan exposure with fair value of \$1.4 million (2021 - \$1.6 million).
- ii) derivatives with corporate customers written using International Security Dealers Association derivative contracts with a gross nominal amount of \$1,336 million (2021 - \$947 million), net nominal amount of \$133.6 million (2021 - \$94.7 million), and a net fair value of \$80.1 million (2021 - \$37.4 million). The following derivatives by issuer have a nominal exposure greater than 5% of the total aggregate exposure:

	<u>Gross Nominal</u>	<u>Net Nominal</u>	<u>Gross Fair Market</u>	<u>Net Fair Market</u>
	<u>Value</u>	<u>Value</u>	<u>Value</u>	<u>Value</u>
	\$	\$	\$	\$

Corporate Customer 7	73,528,416	7,352,842	20,042,065	2,004,206
Corporate Customer 8	72,900,000	7,290,000	42,873,461	4,287,346
Corporate Customer 9	69,841,704	6,984,170	26,355,145	2,635,514

# **ALLIANZ RISK TRANSFER (BERMUDA) LIMITED**

## Notes to the Condensed General Purpose Financial Statements

December 31, 2022

---

The net fair value of \$80.1 million comprises the gross value of \$801.4 million offset by \$721.3 million which is contractually due to a corporate customer under the provisions of the derivative contracts.

# ALLIANZ RISK TRANSFER (BERMUDA) LIMITED

## Notes to the Condensed General Purpose Financial Statements

December 31, 2022

---

### PART III - Notes to the Balance Sheet (continued)

13. (a) (continued)

Included within the total fair value of the derivative assets is an estimate that relates to an ongoing settlement dispute under a contract affected by Winter Storm Uri, in February 2021. As a result of a failure to pay amounts due to the Company (as advised by the Calculation Agent), the Company undertook an early termination of the contract, which led to further amounts becoming due to the Company under the contract.

The dispute is now in litigation, where the range of possible outcomes could result in a gross settlement of \$nil - \$204 million due to the Company (net \$nil - \$20.4 million).

At December 31, 2022, management's estimate of fair value considered the weighted average of similar contract settlements that have occurred as a result of Winter Storm Uri, and we have booked an estimate that is above the midpoint of the range of outcomes.

Due to the inherent uncertainty in estimating the aforementioned fair value, there can be no assurance that the ultimate settlement will not be significantly greater or less than the derivative asset recorded as at December 31, 2022.

f) Deferred acquisition costs ("DAC") represent the deferral of ceding commissions on quota share and treaty retrocession contracts.

h) Collateral balances include \$47.5 million (2021 - \$89.7 million) maintained with corporate customers supporting transactions written using International Security Dealers Association derivative contracts and reinsurance contracts.

i) Income taxes receivable are \$nil (2021 - \$2 million) and net deferred tax liability are \$0.1 million (2021 - \$0.1 million (asset)). The net deferred tax liability represent the expected future income tax payable for certain balance sheet amounts that have been deferred for tax (i.e. DAC) and unrealized amounts in the statement of income.

j) Other assets include premium rebate reserve receivables of \$4.3 million (2021 - \$4.3 million) on certain structured reinsurance contracts.

14. N/A

15. N/A

16. See Part I, Note 4.

# ALLIANZ RISK TRANSFER (BERMUDA) LIMITED

## Notes to the Condensed General Purpose Financial Statements

December 31, 2022

---

### PART III - Notes to the Balance Sheet (continued)

17. (a) For certain insured events there is considerable uncertainty underlying the assumptions and associated estimates of outstanding losses and loss adjustment expense provisions and these estimates are reviewed regularly and, as experience develops and new information becomes known, the reserves are adjusted as necessary. The uncertainty surrounding reserves for insured exposures arises from items such as, but not limited to, policy coverage issues, multiple events affecting one geographic area and the impact on claims adjusting by ceding companies. This can cause significant delays to the timing of notification of changes to loss estimates reported by ceding companies.

Reinsurance contracts do not relieve the Company from its obligations to policyholders. Failure of reinsurers to honour their obligations could result in losses to the Company. Consequently, allowances are established for amounts deemed uncollectible. The Company evaluates the financial condition of its reinsurers and monitors concentrations of credit risk arising from similar geographic regions, activities, or economic characteristics of the reinsurers to minimize its exposure to significant losses from reinsurer insolvencies.

Outstanding losses recoverable from reinsurers of \$953 million (2021 - \$1,241 million) are secured by funds held in trusts for which the Company is a beneficiary.

**ALLIANZ RISK TRANSFER (BERMUDA) LIMITED**

## Notes to the Condensed General Purpose Financial Statements

December 31, 2022

**PART III - Notes to the Balance Sheet (continued)**

## 17. (a) (continued)

The table below represents the movements in the loss and loss expense provisions for the current year and previous year:

	<b>2022</b>	<b>2021</b>
	<b>\$</b>	<b>\$</b>
Gross loss and loss expense provisions		
a. beginning of year	1,457,811,918	1,222,542,174
Less: Reinsurance recoverable		
beginning of year	1,354,320,075	1,124,069,547
Net loss and loss expense provisions		
b. beginning of year	103,491,843	98,472,627
Net losses incurred and net loss expenses incurred		
related to:		
Current year	10,958,041	37,528,130
Prior years	17,278,967	(1,309,243)
Total net incurred losses and loss expense	28,237,008	36,218,887
Net losses and loss expenses paid or payable		
related to:		
Current year	813,865	180,478
Prior years	41,033,887	31,029,793
Total losses and loss expenses paid or payable	41,847,752	31,210,271
Foreign exchange and other	(1,554,891)	10,600
Net loss and loss expense		
provisions - end of year	88,326,208	103,491,843
Add: Reinsurance recoverable at end of year	1,049,825,062	1,354,320,075
<b>Gross loss and loss expense provisions at end of year</b>	<b>\$1,138,151,270</b>	<b>\$1,457,811,918</b>

The development in prior year incurred losses relates to the Property and Casualty lines of business. The Property negative development is driven by several large losses reported in Q1 2022, partially offset by reimbursement premiums. The negative development in the Casualty portfolio is driven by a late reporting of a large loss in one of the run-off transactions.

The total loss and loss expense provision represents unsecured policyholder obligations.

### PART III - Notes to the Balance Sheet (continued)

36. Sundry liabilities include:

a) Derivative liabilities of \$47.2 million at December 31, 2022 (2021 – \$26.5 million). See Part I Note 3 for the description of the policies surrounding the use of derivatives. The balance sheet position represents:

i) Derivatives with financial institutions written using International Security Dealers Association derivative contracts with a gross nominal amount of \$743 million (2021 - \$971 million), net nominal amount of \$74.3 million (2021 - \$97.1 million), and a net fair value of \$40.9 million (2021 - \$19.3 million). The following derivatives by issuer have a nominal exposure greater than 5% of the total aggregate exposure:

	<u>Gross Nominal</u>	<u>Net Nominal</u>	<u>Gross Fair Market</u>	<u>Net Fair Market</u>
	<u>Value</u>	<u>Value</u>	<u>Value</u>	<u>Value</u>
	\$	\$	\$	\$
Corporate Customer 1	142,260,520	14,226,052	95,569,456	9,556,946
Corporate Customer 2	97,950,000	9,795,000	17,401,621	1,740,162
Corporate Customer 3	76,495,648	7,649,565	17,950,956	1,795,096
Corporate Customer 4	62,789,430	6,278,943	10,884,410	1,088,441
Corporate Customer 5	62,203,321	6,220,332	42,197,261	4,219,726
Corporate Customer 6	46,051,200	4,605,120	21,968,636	2,196,864
Corporate Customer 7	41,279,160	4,127,916	24,637,383	2,463,738
Corporate Customer 8	39,941,271	3,994,127	366,933	36,693

The net fair value of \$40.9 million comprises the gross value of \$409 million offset by \$368.1 million which is contractually due to a corporate customer under the provisions of the derivative contracts.

ii) A derivative with a financial institution with a nominal amount of \$110 million (2021 - \$110 million) and fair value of \$5.6 million (2021 - \$5.6 million). The maturity date of the instrument is April 2044.

iii) A derivative with a financial institution written using International Security Dealers Association derivative contracts with a nominal amount of GBP 80 million (2021: GBP 80 million) and a fair value of \$0.7 million (2021 - \$1.6 million).

e) Deferred commissions represent the deferral of ceding commissions on quota share and treaty retrocession contracts.

f) Included in collateral deposits amounts received from third parties supporting margin requirements for derivative contracts in the amount of \$75.1 million (2021 - \$192.1 million).

## ALLIANZ RISK TRANSFER (BERMUDA) LIMITED

### Notes to the Condensed General Purpose Financial Statements
