

## REPORT OF INDEPENDENT AUDITORS

To the Board of Directors of  
Evergreen Life Limited

### Opinions

We have audited the accompanying condensed financial statements of Evergreen Life Limited (the “Company”), which comprise the condensed balance sheets and condensed statements of capital and surplus as of December 31, 2022 and 2021, and the related condensed statements of income for the years then ended, including the related notes (collectively referred to as the “condensed financial statements”).

#### *Unmodified opinion on regulatory basis of accounting*

In our opinion, the accompanying condensed financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and the results of its operations for the years then ended in accordance with the financial reporting provisions of the Insurance Act 1978, amendments thereto and the Insurance Account Rules 2016 with respect to condensed general purpose financial Statements (the “Legislation”).

#### *Adverse opinion on U.S. generally accepted accounting principles*

In our opinion, because of the significance of the matter discussed in the *Basis for adverse opinion on U.S. generally accepted accounting principles* section of our report, the accompanying condensed financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Company as of December 31, 2022 and 2021, or the results of its operations for the years then ended.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditors’ responsibilities for the audit of the condensed financial statements* section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Basis for adverse opinion on U.S. generally accepted accounting principles*

As described in Note 3 to the condensed financial statements, the condensed financial statements are prepared by the Company on the basis of the financial reporting provisions of the Legislation, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Bermuda Monetary Authority.

The effects on the condensed financial statements of the variances between the regulatory basis of accounting described in Note 3 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### **Responsibilities of management for the condensed financial statements**

Management is responsible for the preparation and fair presentation of the condensed financial statements in accordance with the financial reporting provisions of the Legislation. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the condensed financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the condensed financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date the condensed financial statements are available to be issued.

### **Auditors' responsibilities for the audit of the condensed financial statements**

Our objectives are to obtain reasonable assurance about whether the condensed financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the condensed financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the condensed financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the condensed financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the condensed financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**EVERGREEN LIFE LIMITED**  
**NOTES TO THE CONDENSED GENERAL PURPOSE FINANCIAL STATEMENTS**

December 31, 2022

*(expressed in 000's U.S. dollars)*

**1. Organization and description of business**

Evergreen Life Limited (the "Company" or "Evergreen") was incorporated in Bermuda on November 28, 2008 by Private Act and was licensed as a long-term insurer on May 15, 2009 under the Insurance Act 1978 of Bermuda and was registered under the Segregated Accounts Companies Act 2000 effective 25<sup>th</sup> September 2009. The Company is wholly owned by two shareholders (who are the ultimate owners) Evergreen Financial Holdings Ltd and IBEX Life Services, LLC (both are incorporated in the United States). Effective September 8, 2011, Evergreen was reclassified to a Class C long-term insurer.

The Company offers private placement variable universal life insurance policies (the "PPVUL Policy") to individuals, which will provide a return, linked to an underlying portfolio in which policyholders are able to allocate a portion of their premiums among a variety of investment funds.

The funds are placed in Separate Accounts and as the total return on the Investment portfolio increases or decreases, the death benefit or surrender value of the PPVUL Policy may increase or decrease.

The Company also offer private placement variable annuity contracts (the "PPVA"). In 2011 and 2013, the Company entered into separate PPVA with two different annuitants. A variable annuity is an annuity wherein the contract value is invested in the various investment options, which have been selected by the annuitant. This means that the contract value is not guaranteed and will vary. In accordance with the investment performance of the selected investments. The contract value of the annuitant's account is placed in segregated account. Segregated account is held for the benefit of the annuitant. The annuitant's claim upon the Company is limited to the value of the segregated account.

**2. Nature of risks of underwriter by the insurer**

Evergreen has entered into a reinsurance agreement with Hannover Re on policies written before December 31, 2010, whereby Hannover Re reinsures 100% of all life insurance written by Evergreen. Effective January 1, 2011, Evergreen has signed a contract to reinsure policies written after that date with General Reinsurance Corporation. Effective January 1, 2014 and July 1, 2014, Evergreen entered into contracts to reinsure policies with The Canada Life Assurance Company.

**3. Accounting policies**

Basis of preparation

The financial statements have been prepared in conformity with the financial reporting provisions of the Insurance Act 1978, amendments thereto and the Insurance Account Rules 2016 with respect to Condensed General Purpose Financial Statements ("generally accepted accounting principles"). The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of

**EVERGREEN LIFE LIMITED**  
**NOTES TO THE CONDENSED GENERAL PURPOSE FINANCIAL STATEMENTS**  
December 31, 2022  
*(expressed in 000's U.S. dollars)*

**3. Accounting policies (Cont'd)**

*Segregated account assets and liabilities*

The insurance policies written by Evergreen do not satisfy the conditions for reinsurance accounting as the maximum exposure to loss is either fully funded by premiums and other collateral or restricted to available assets in the segregated account. The assets and liabilities of the segregated accounts are legally separate from those of the Company. The assets and liabilities of the segregated accounts are stated at fair value and are segregated from the general assets and liabilities of the Company. These are recorded as segregated account assets and segregated account liabilities on the balance sheet.

*Premiums*

Premiums written are booked net of policy charges to the customer directed separate account fund option.

*Policy Charges, Commission income and Fee income*

Policy charges, commissions and fee income comprised primarily of fees assessed during the period against the policyholders' account balances for mortality charges, policy administration charges, surrender charges and reinsurance premium.

*Investment income*

Long-term business Investment income is recorded on the accruals basis.

*Cash and cash equivalents*

Cash and cash equivalents comprises a highly liquid bank account.

Cash and cash equivalents potentially expose the Company to credit risk. In management's opinion, the risk of loss due to credit risk is not significant as cash and cash equivalents are placed with a high credit quality financial institution.

**EVERGREEN LIFE LIMITED**  
**NOTES TO THE CONDENSED GENERAL PURPOSE FINANCIAL STATEMENTS**

December 31, 2022  
(expressed in 000's U.S. dollars)

**3. Accounting policies (Cont'd)**

*Policyholder Assets*

The company is holding assets on behalf of the policyholders under segregated cells utilizing deposit accounting. The assets include cash and time deposits and quoted and unquoted investments, as disclosed in the segregated assets value on the balance sheet, to the value of \$2,699,226 (2021: \$1,921,202) which are all held in the segregated accounts. The accounting policies applied are as follow:

Cash and time deposits are made of cash and cash equivalents.

Quoted investments are valued using prices that are readily and regularly available in an active market, valuation of these assets and liabilities do not entail a significant degree of judgment.

Unquoted investments comprise of invested assets i.e. unquoted debt and equity securities, which are recorded at cost or market value where available.

Life settlement assets are classified at fair value. Management determines the fair values for the life settlement assets based on a monthly valuation model, which is based on the following inputs: face value of the policies, life expectancy, premium payments schedule and a market discount rate. Life settlement assets are valued based upon an assumed discount rate of 12% (2021 - 12%) and contractual cash flows under the policy using life expectancies derived from two market sources.

The life settlement market is illiquid, with a wide range of assumptions used by market participants to calculate fair value. While the recorded fair value of the life settlement contracts, there is no assurance that this fair value will be realized at the sale of these contracts.

The related liabilities are accounted for in liabilities. The accounting policies adopted by the company on the liabilities are as follows:

*Reserves*

Reserves booked refer to funds placed by policyholder on the Company in order to be managed. No reserves relating to insurance are booked since policies are 100% reinsured.

*Annuities*

Annuities are comprised of contract cost, premium charges, mortality and expense risk charge and other costs incurred under the terms of any annuity contract.
